

# Download Albany Glass Model Company Indiana Pdf

The glassware known in the EAPG world as "Indiana Glass" or "Jenkins Glass" or "Lee Glass" (in the South because it was given away in the Lee Mfg. Co. premium books), enjoys a large following of Twenty-First Century collectors.<sup>2</sup> Spring 2005 Bottles and Extras The history of the Louisville glass industry has been a somewhat overlooked subject, never before having been researched Albany was a pioneer of high-performance doors and invented the first high-speed fabric roll-up door in Sweden in 1968. The company grew internationally and moved on to deliver doors for a number of sectors that benefit from rapid opening and closing, such as manufacturing, mining and cleanrooms. Manufacturer's Marks and Other Logos on Glass Containers Compiled by the Bottle Research Group (Bill Lockhart, Bill Lindsey, Carol Serr, Pete Schulz, and Beau Schriever)
