The Knights Templars were a secret society whose true purpose remains a mystery or is at least vigorously debated among scholars and historians to this day. Treasure (from Latin: thesaurus from Greek language ??????? th?sauros, "treasure store") is a concentration of wealth — often those that originate from ancient history — that is considered lost and/or forgotten until rediscovered. Treasure hunting is the physical search for treasure. For example, treasure hunters try to find sunken shipwrecks and retrieve artifacts with market value. One of the most mysterious treasures of Atlantis is a sacred archeological site known as Kamyana Mohyla, or "Rock Mound." The stones of Kamyana Mohyla rest in an awkward heap along the western shore of the Sea of Azov, near modern Melitopol, Ukraine.
