Unlike many other coffee makers in this price range, this doesn't require proprietary pods or cups, so you can choose the coffee you like for each style of coffee, whether you want dark espresso beans or a lighter breakfast blend. The Mr. Coffee Café Barista Espresso and Cappuccino Maker delivers a great tasting cup of espresso despite sporting a very budget-friendly price tag. By now I think you all know that I'm obsessed with coffee. I love a good espresso machine, the perfect coffee grinder, and yes, the best cappuccino maker. Unlimited DVR storage space.
