

Download Ethics In Educational Leadership Programs An Expanding Role

Health education is a profession of educating people about health. Areas within this profession encompass environmental health, physical health, social health, emotional health, intellectual health, and spiritual health, as well as sexual and reproductive health education. Our current technological trajectory promises unfathomable, roller-coaster innovation with no braking system. While the ride is exciting, it moves so quickly that we typically don't have time to think about the possible unintended consequences that might accompany it. EMS systems have historically focused on providing patient care for acute illnesses and emergencies, a role that is reinforced by current payment practices that reimburse EMS providers for emergency responses. The Role of Nursing Leadership in Integrating Clinical Nurse Specialists and Nurse Practitioners in Healthcare Delivery in Canada Nancy Carter, Ruth Martin-Misener, Kelley Kilpatrick, Sharon Kaasalainen, Faith Donald, Denise Bryant-Lukosius, Patricia Harbman, Ivy ...
