www.ielts.org Information for Candidates Introducing IELTS to test takers
Floods can occur in rivers when the flow rate exceeds the capacity of the river channel, particularly at bends or meanders in the waterway. Floods often cause damage to homes and businesses if they are in the natural flood plains of rivers. IELTS stands for International English Language Testing System. The test is made up of 4 modules – Listening, Speaking, Reading and Writing. There are two versions of the IELTS: the Academic Version for those entering higher education and the General Training Version intended for those planning to undertake non-academic training or to gain work experience.
