English grammar is the way in which meanings are encoded into wordings in the English language. This includes the structure of words, phrases, clauses, and sentences, right up to the structure of whole texts. Universal grammar (UG) in linguistics, is the theory of the genetic component of the language faculty, usually credited to Noam Chomsky. The basic postulate of UG is that a certain set of structural rules are innate to humans, independent of sensory experience. English Grammar. English grammar is the key to understanding and mastering English. English grammar is different from Russian grammar. Some things are easier; for example, English verb conjugation is much simpler. 978-0-936981-536 This student test booklet saves you from having to make copies of the tests.
