

Download Kiss Kill Vanish Jessica Martinez

Kiss Kill Vanish was one of those books that was virtually impossible to put down. I was fascinated by Jane's story, how she ran away from a life of luxury in Miami to live in almost abject poverty in Montreal. In fact, Montreal makes a fantastic backdrop to the story - it's close enough to the US, but has that nice touch of a place where they speak a foreign language. Kiss Kill Vanish was one of my most anticipated Fall release titles. I can't say what exactly piqued my interest and raised my expectations, but I was under the impression I was going to be blown away by this book. And well, that's not exactly how it happened. Now, this could be because I am currently suffering from one of the largest reading funks I have EVER been in, but I just couldn't jump completely on board with this story. Kiss Kill Vanish is an outstanding and original novel that is unlike anything else I've ever read. Martinez manages the rare combination of gorgeous, atmospheric writing and thrilling, page-turner action. She has created a darkly romantic world that is compelling and ultimately unforgettable. I miss it already. Kiss Kill Vanish by Jessica Martinez, 9780062274496, available at Book Depository with free delivery worldwide.
