

Download Lifestyle Illustrations Of The 1960s

However, as a beautiful reference of 1960s magazine illustration (both editorial and advertising), I'm more than pleased. I even picked-up the 1950s volume as a companion to this one, and reference them almost daily as I develop my latest personal artistic viewpoint. Lifestyle Illustration of the 1960s is a glorious celebration of the Swinging Sixties--a groundbreaking decade heralding a new creativity, freedom and liberation. Live TV from 60+ channels. No complicated set-up. No cable box required. Cancel anytime. All of those archetypes, and many more, are on full display in Lifestyle Illustration of the '60s, a brick-like volume of vintage magazine illustrations expertly selected by Rian Hughes.
