

Download Live Sound For Musicians

For venues large or small, zZounds has the perfect live sound gear to fit the gig. Live sound mixing is the blending of multiple sound sources by an audio engineer using a mixing console or software. Sounds that are mixed include those from instruments and voices which are picked up by microphones (for drum kit, lead vocals and acoustic instruments like piano or saxophone and pickups for instruments such as electric bass) and ...Run Waves' award-winning plugins live on Venue and SoundGrid®-compatible DiGiCo, Yamaha and Allen & Heath consoles, or on any mixer using MultiRack Native. Titan Tourbag. As the name suggests, the Wharfedale Pro Titan Tourbag is for touring musicians, mobile DJs and any professional sound engineer and artist looking to protect their valuable Wharfedale Pro loudspeakers.
