

Download Mary Magdalene The First Pope

Mary Magdalene – The First Pope is also available in Paperback edition on Amazon. This is the untold story of Mary Magdalene. It is possible to tell it now because new evidence has been uncovered, which sheds a completely different light on the role she played at the resurrection of Jesus from the tomb. Mary Magdalene – the First Pope is a must read for all Magdalene aficionados and for any interested in sound scientific evidence of the truths that we might otherwise only know in our hearts. Michael Hearn: My profile is best outlined by my track record in resolving some of the most cryptic puzzles and unsolved mysteries in the Bible, which have challenged potential saints and academia throughout the centuries. The gospel writers had portrayed Mary Magdalene as having the same status as the traditional high priest and therefore let the campaign begin to have her recognized as the first pope. Mary Magdalene – the First Pope is a must read for all Magdalene aficionados and for any interested in sound scientific evidence of the truths that we might otherwise only know in our hearts.
