Hegel: Social and Political Thought. Georg Wilhelm Friedrich Hegel (1770-1831) is one of the greatest systematic thinkers in the history of Western philosophy. Modern philosophy is philosophy developed in the modern era and associated with modernity. It is not a specific doctrine or school (and thus should not be confused with Modernism), although there are certain assumptions common to much of it, which helps to distinguish it from earlier philosophy.

1. Life, Work, and Influence. Born in 1770 in Stuttgart, Hegel spent the years 1788–1793 as a student in nearby Tübingen, studying first philosophy, and then theology, and forming friendships with fellow students, the future great romantic poet Friedrich Hölderlin (1770–1843) and Friedrich von Schelling (1775–1854), who, like Hegel ...
