1 book, the activist in Vladimir comes out and he shares and tries to mobilize Anastasia's vision that everyone
should have their own plot of land and how to create their own gardens to feed and nurture themselves.
Anastasia tells Vladimir about others and her vision for money and society in this book. It's more about the
bigger vision manifesting on earth and humanity finally getting it right. Book 8.1 - "The New Civilisation" The
New Civilisation chronicles another visit by Vladimir Megré to Anastasia and their son, providing new insights
into practical co-operation with Nature and showing in even greater detail how you can apply Anastasia's
wisdom to your own life.
