Nicholas Edward Cave AO (born 22 September 1957) is an Australian musician, singer-songwriter, author, screenwriter, composer and occasional film actor, best known as the frontman of the rock band Nick Cave and the Bad Seeds. If you are a fan of Nick Cave's music, there would be no reason why you shouldn't read this book. It's intense, gruesome, disturbing, but yet beautiful in the way he uses language and keeps you interested in the story. *Henry's Dream* is the seventh album released by Nick Cave and the Bad Seeds, in April 1992. This album remains a big favourite amongst Bad Seeds fans, although Nick Cave himself was reportedly unhappy with the production by David Briggs.
