

# Download Novel Pictorial Noise Pdf

CHC broad and narrow cognitive ability definitions “working draft” 3-11-09; Kevin McGrew Visual processing (Gv): The ability to generate, store, retrieve, and transform visual images and sensations. Image-paradigms are non-pictorial mental images of the sacred. They are engendered in the viewer's imagination by means of organized ensembles of iconic, symbolic and typological elements of sacred spaces and emerge from a manifold of interrelating associations.
