

# **Download On The Economics Of Solar Energy The Public Utility Interface**

Solar Energy Information. Read the latest news and techniques for efficient solar photovoltaic power, new solar energy systems and more. NEWS: North State Solar Energy has been selected to complete the West Valley Ace Hardware project in Cottonwood, California and the Valley Ace Hardware in Redding, California by Todd Martin and his son Remington Martin. Energy storage is the capture of energy produced at one time for use at a later time. A device that stores energy is generally called an accumulator or battery. The sun is a major source of inexhaustible free energy (i.e., solar energy) for the planet Earth. Currently, new technologies are being employed to generate electricity from harvested solar energy.
