What is Tex-Mex cuisine? Food historians tell us TexMex cuisine originated hundreds of years ago when Spanish/Mexican recipes combined with Anglo fare. Although no one really knows who invented this beloved libation, the margarita became popular among American tourists in Mexico during Prohibition. Oyamel Cocina Mexicana combines Mexico's rich regional culinary traditions with modern urban fare. Guests experience an array of antojitos—traditional Mexican snack or small plates—along with authentic tacos, ceviches and an impressive selection of cocktails and tequilas. The culture of Mexico reflects the country's complex history and is the result of the gradual blending of native culture (particularly Mesoamerican) with Spanish culture and other immigrant cultures.
