Red Wolf, by Liza Marklund, a-minus, Narrated by Jill Tanner, produced by Harper Audio, downloaded from audible.com. Annika Bengtson is a crime reporter for a major paper in Stockholm. She decides to investigate a murder of a journalist. "Der Rote Wolf" ist ein Roman von Liza Marklund. Nachdem ich mich schon erfolglos an "Studio 6" versucht hatte, wollte ich der Autorin eine zweite Chance einräumen, doch auch bei diesem Buch werde ich mit Liza Marlunds Schreibe überhaupt nicht warm. The plot was interesting and the story moves along at a good pace, but I just couldn't get a feel for Liza Marklund's characters. They had no emotional appeal and therefore fell flat with a giant thud. Her crime novels featuring the gutsy reporter Annika Bengtson instantly became an international hit, and Marklund's books have sold 9 million copies in 30 languages to date. Today, Liza Marklund lives in Marbella in southern Spain with her family.
