

Download Sonic Mega Man Worlds Collide 3

The Sonic the Hedgehog/Mega Man epic kicks off with a bang in the first of three volumes as the Blue Blur and Blue Bomber meet for the first time! If you love mega man or sonic (or both in my case), this is a fantastic mashup. The plot is predictable, and character development is practically nonexistent, but the art and character interactions are fantastic. Mega Man (created 200X), civilian name Rock, is the main protagonist of the Mega Man comic series, and a character that appears in the Sonic the Hedgehog comic series and its spin-offs, published by Archie Comics. Sonic Universe is a discontinued comic book series set within Archie Comics's Sonic the Hedgehog continuity, designed to expand the horizon of that Sonic universe.
