

Download St Irenaeus Of Lyons Against The Heresies Book 2 Pdf

Irenaeus pointed to the public rule of faith, authoritatively articulated by the preaching of bishops and inculcated in Church practice, especially worship, as an authentic apostolic tradition by which to read Scripture truly against heresies. On the Detection and Overthrow of the So-Called Gnosis (Ancient Greek : ??????? ???? ??????? ???? ???????), sometimes called Adversus Haereses, is a work of Christian theology written in Greek about the year 180 by Irenaeus, the bishop of Lugdunum (now Lyon in France). How did this come about? The greater part of Irenaeus's largest work, A Treatise Against the Heresies, is devoted to the refutation of second-century Gnostic writers, whose philosophical and religious speculations may strike the modern reader as bizarre beyond consideration. These files have been assembled over the last 25 years, and the archive is still growing. All are welcomed to take advantage of this page's centuries of knowledge related to first century studies and fulfilled prophecy.
