

Download Study Guide For Vascular Intervention Registry

The Vascular and Endovascular Medicine Study Guide is a 10-year compilation of examination questions and content from Vascular InterVentional Advances (VIVA) and other expert contributors. Now on its Second Edition, Practical Peripheral Vascular Intervention is a how-to guide to state-of-the-art vascular interventional procedures for all arteries and veins outside the coronary vascular system. ClinicalTrials.gov is a registry and results database of publicly and privately supported clinical studies of human participants conducted around the world. The ESVS supports your professional development and has made a great effort to organise and run vascular workshops all over Europe, on a wide variety of topics, and with small class sizes allowing group interaction and individualised learning.
