I have made deviled eggs for years, and they keep a lot longer than 3 hours in the fridge. I usually make them the night before an event, put them in an air-tight deviled egg carrier, and let the flavors marry overnight. Deviled eggs are a classic and one of Martha Stewart's favorite hors d'oeuvres. Deviled eggs are crowd-pleasing party snack that are the perfect way to start a casual evening. Best Damn Deviled Eggs are creamy and tangy. They are a flavor bomb appetizer! Deviled or "Stuffed" Eggs are the perfect addition to any party or gathering and a staple at our family dinners! Best Damn Deviled Eggs show up as often as fried chicken and sweet tea do at social events in the South. I always put the mayo in last when making my Mom's deviled eggs. That way I don't over do it. For our family recipe we use Mt. Olive Sweet Cube Pickle, the juices from that give you a nice vinegar twist.
