

Download The Decision Book Fifty Models For Strategic Thinking

With 60% of the models geared towards looking internally at personal development and decision making, and the other 40% on how you work with others, it's really a book about YOU. In the title, the association with decision making and strategic thinking is the real essence of the book. Don't think about this book in terms of business models such as Ansoff Matrix, or PEST, or Porters 5 Forces etc. LibraryThing Review User Review - CaroPi - LibraryThing. This book is very interesting to teach you how to create a map of your decisions. It can be apply to your private life or to th professional life, personally i will used more in my professional life. A very nice and concise reference book for all kinds of decision models needed in both your personal and professional life. While reading the book, I started to put sticky notes on the those models that I might use with my wife, kids, business ideas, team, and the overall organization i work for. Best of all, if after reading an e-book, you buy a paper version of The Decision Book: Fifty Models for Strategic Thinking. Read the book on paper - it is quite a powerful experience.
