July 2012 ISBN 9781617290060 496 pages printed in black & white The Well-Grounded Java Developer Vital techniques of Java 7 and polyglot programming. Benjamin J. Evans and Martijn Verburg Foreword by Dr. Heinz Kabutz. Look inside . Free Downloads. Chapter 1 Chapter 4 Source ...This is an excellent book, but it's about far more than just being a Java developer (well-grounded or not). The first half of the book (parts 1 and 2) looks at some of the new features of Java 7 and how to use them in some detail, as well as looking at some key development techniques (dependency injection, concurrency, performance etc).
