

Download Well Being The Foundations Of Hedonic Psychology

Well-Being: Foundations of Hedonic Psychology [Daniel Kahneman, Edward Diener, Norbert Schwarz] on Amazon.com. *FREE* shipping on qualifying offers. The nature of well-being is one of the most enduring and elusive subjects of human inquiry. Well-Being draws upon the latest scientific research to transform our understanding of this ancient ...In their preface, the three editors (all psychologists) delineate their conception of a new field of psychology, naming it "hedonic psychology." Well-being and experienced quality of life are emotional notions; they imply affect that is at emotion's core. Moreover, the degree of well-being and judgment of quality are likely to be influenced by the number, and perhaps the duration and intensity, of pleasant and unpleasant emotions. For these reasons, understanding emotions is an important concern in the study of well-being and the quality of life.
