

Download When Computers Can Think

Across 33 rich countries, only 5% of the population has high computer-related abilities, and only a third of people can complete medium-complexity tasks. Welcome! Please select your country. If your country is not listed, you may purchase from the U.S. store at U.S. prices plus shipping. Choose Your Countrythink 2019 5 in 5 At IBM, we help our clients change the way the world works. There's no better example of that than IBM Research's annual "5 in 5" technology predictions. Toondoo lets you create comic strips and cartoons easily with just a few clicks, drags and drops. Get started now!
