When Work Disappears: The World of the New Urban Poor (1996) is a book by William Julius Wilson, Professor of Social Policy at Harvard. Wilson's argument is that the disappearance of work and the consequences of that disappearance for both social and cultural life are the central problems in the inner-city ghetto. When Work Disappears: New Implications for Race and Urban Poverty in the Global Economy William Julius Wilson Contents Introduction Inner-City Jobless Poverty However, Wilson describes, quite convincingly, a world of the urban poor who yearn for the "American Dream" like the rest of us, who want to work, contribute to society, and make their lives (and their children's lives) better, but are simply unable to do so. William Julius Wilson, an American sociologist, received his Ph.D. from Washington State University in 1966 and teaches at the University of Chicago. His scholarly work, written from both historical and sociological perspectives, has concentrated on the condition of African Americans living in inner cities, especially the underclass. He stresses urban divisions separating the middle class from the poor.
